

UK FASTENERS

A single green wood screw is shown vertically, centered in the image. The screw has a wide, flat head with a cross-shaped recessed area. The shaft is threaded with a double-flute design, and the tip is sharp.

# Griptight PLUS

MULTI-PURPOSE HIGH TECHNOLOGY WOOD SCREWS

UK Fasteners part of Till & Whitehead Ltd

# Griptight PLUS.

Our Griptight PLUS multi-purpose woodscrews are manufactured from high quality carbon steel and then heat-treated to give exceptional toughness from head to point.

Countersunk head available from stock in bright zinc and zinc yellow finishes, and round head in bright zinc only.

**CE** Compliant product.  
For more information please contact UK Fasteners.

- Reinforced head for extra strength.
- Sharp point – for easy location and positive starting.
- 40° thread angle - sharper threads for speedy driving and resistance to pull out.
- Deep thread form – for greater holding power.
