TOUCH-UP PENS

FULL RANGE OF COLOURS AVAILABLE

A highly pigmented, weather resistant, acrylic based paint touch-up pen, which is ideal for edges and mitre joints. Improved valve technology provides two styles of application.

- Full range of colours available. Get the exact colour you want! Scan the QR code on the next page or give our team the colour details and we will match it for you.
- Bespoke colour match also available. We can have pens made for you, minimum order of only 5 pens!.
- A thinner style pen is also available for use on narrow mitres. Please ask us for details.
- Spare tips are available to buy separately.

DEDICATED PROFILE; SPRAY PAINT

400ml Aerosol spray paint Foil colours, profile whites and lacquers. Bespoke colours available, minimum order of only 3 aerosol cans. Scan the QR code below.

TOUCH-UP PAINT POTS

A pigmented, weather resistant touch-up lacquer applied by brush. Ideal for base work and laminated surfaces. Can be used as an alternative to colour edging pens when there is a larger area to cover. K0240 Touch up Pots.

REPAIR WAXES

A hard and durable wax filler, designed for repairs to areas subject to severe use. Ideal for repairing edge damage as well as fill holes and scratches of m significant damage.

Applies using the range of battery, gas or electric heating irons.

REPAIR KITS – Window Doctor Kit (K0614)

The "Window Doctor Kit" is designed for window installers and allows them to carry out simple on-site repairs to popular Renolit foils. Every window installer should have one!

Comes complete with:

- K0438620 – Battery operated heating iron
- K0161500 – Special applicator
- K042210 – x2 cotton cloths – Size A5
- 4cm Hard wax as below:
Dark Mahogany (K0141114) Dark Oak (K0141143) Black (K01419005) Golden Oak (K014149601) Irish Oak (K014196006) Profile White (K0141) Anthracite Grey (K014178516)

REPAIR KITS – Window Repair Complete Kit (K0670COMP)

The "Complete Window Repair Kit" is designed for window factories and service engineers allowing them to carry out cosmetic repairs reducing the need for expensive and time-consuming remakes.

This kit comes complete with:

- Carry case & foam insert
- Gas heating iron
- Mixed window waxes
- Special applicator
- Special scraper
- Felt pad with abrasive lining
- Cotton cloths
- Cellulose thinners 150ml
- Brass brush
- Paint brush
- Paint palette
- Mixing cups (Pack of 5)
- Mixed touch up pots
- Polishing paste (Bottle 250ml)
- Maintenance lacquer 250ml
- Maintenance sponge
- Wet & Dry single sheets (P1200 grit)
- Aerosol lacquer – Extrusion white.

All the items can be bought separately to replace once used.

UPVC Window Customer care Pack

The Konig UPVC window customer care pack is designed to be used by the homeowner to easily and quickly remedy any accidental cosmetic damage such as scuffs or scratches that may occur to the frames during their lifetime. It contains a water based cleaning fluid and a colour matched touch up bottle along with easy to follow instructions that will disguise any unsightly accidental damage.

Available in all popular colours.

Customer own branding is available please ask for details.

HELP & ADVICE

You can also scan the QR code for easy access to some useful Konig tutorial videos.

Extrusion White water based cleaner (KOUVCCLEANERWHITE)

The Konig Extrusion White cleaner is a solvent free powerful cleaner that removes dirt and other unwanted residue from extrusion white windows and doors but without damaging the plastic that a solvent based cleaner would. It can be either cloth or sponge applied, simply apply over the entire frame and remove all unwanted residue, then wipe clean with a clean dry cloth. Repeat the process if necessary.

UPVC Composite door cleaner (KOUVCCLEANER)

The Konig UPVC foil and composite door cleaner is a solvent free powerful cleaner that removes dirt and other unwanted residue from foiled windows and composite doors but without damaging the foil gloss effect that a solvent based cleaner would. It can be either cloth or sponge applied, simply apply over the entire frame and remove all unwanted residue, then wipe clean with a clean dry cloth. Repeat the process if necessary.

Universal Maintenance lacquer (K0514)

A multi purpose, quick drying clear lacquer. Suitable for exterior use, providing a water repellent protective coating on PVCU or foiled surfaces. Apply using the maintenance sponge for even application. The heavier the application the higher the sheen level. Available in a 250ml bottle.

HIGH SECURITY

KM SUPERIOR 1 STAR EURO PROFILE CYLINDER

The Yale KM Superior 1 Star Euro Elite Profile Cylinder has been developed to provide resistance against common cylinder attack methods. This cylinder is British Kitemarked TS007:2014 1 Star security and has been tested to the British Standard BS EN1303:2005. Suitable as a replacement product this cylinder is Secured by Design approved and recommended for use on doors that require a high level of security and attack protection.

SPECIFICATIONS:

- TS007: 2014 1 Star British Kitemarked cylinder
- BSI Kitemark approved - KM532920
- Secured by Design approved
- 10 year guarantee
- 3 keys supplied

FEATURES:

- Anti-Bump, Anti-Pick, Anti-Screw and Anti-Drill protection
- Available in euro single, euro double and euro turn
- Available in Polished Brass and Nickel Plated finish

MAXIMUM SECURITY

PLATINUM 3 STAR EURO PROFILE CYLINDER

The Yale Platinum 3 Star Cylinder is a TS007:2014 3 star Kitemarked Anti-Snap, Bump, Pick and Pull security product which provides superior strength against known cylinder attack methods. The Platinum 3 Star Cylinder has been independently tested by BSI to be awarded the British Kitemarked TS007:2014 3 star accreditation.

SPECIFICATIONS:

- British Kitemarked TS007:2014 3 star
- Tested to the British Standard BS EN1303:2005
- BSI Kitemark approved - KM559658
- Advanced pin tumbler technology
- Superior physical strength
- Secured by Design approved
- 10 year guarantee
- 3 keys supplied

FEATURES:

- Anti-Snap, Anti-Bump, Anti-Pick, Anti-Screw and Anti-Drill protection
- Available in euro single, euro double and euro turn
- Available in Polished Brass and Bright Nickel finish
- Key card identification to easily identify key cutting code
- Flat, horizontal key way with reversible key (doesn't matter which way around you put the key in lock)
- Yale nylon key head for ease of grip and identification

STANDARDS EXPLAINED

TS007 is a standard developed in response to concerns over cylinder attacks. The standard is characterised by a 3 star rating system, and can be achieved by combining a 1 star cylinder with a 2 star security door furniture or using a stand alone 3 star cylinder. The Platinum Series Euro Profile Cylinders are approved to TS007 3 stars and do not require any additional security furniture.

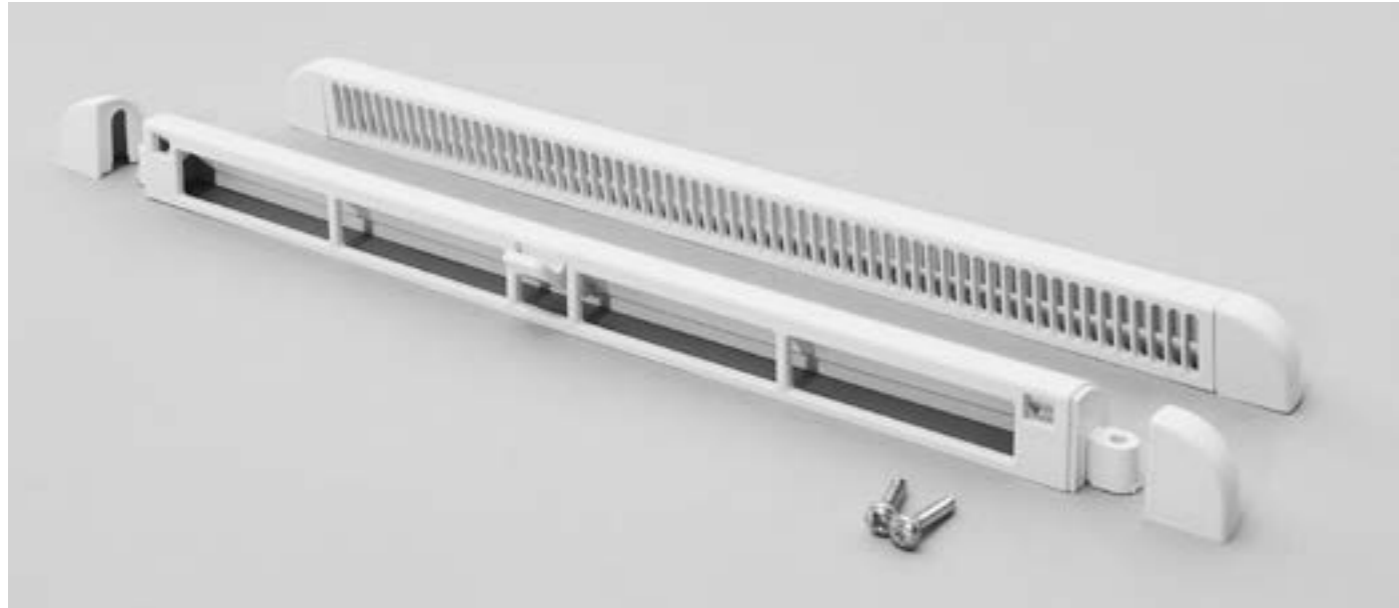

SIMON FRAMEVENT HI-FLO & HI-FLO+

FRAME VENTS

*FULL RANGE OF COLOURS AVAILABLE

MANUFACTURED IN THE HIGHEST QUALITY UV STABILISED PVCU, THE SIMON FRAMEVENT HF & HF+ HAVE BEEN SPECIFICALLY DESIGNED TO MAKE IT EASY TO ACHIEVE THE REQUIREMENTS OF APPROVED DOCUMENT F-2021 WHILST STILL MAINTAINING THE SMOOTH, ROUNDED, AESTHETIC SYNONYMOUS OF THE FRAMEVENT RANGE.

*Please consult a RAL chart for accurate colour matching.

Please scan the QR code for all the latest regulations applicable to ventilation airflow.

SIMON FRAMEVENT HI-FLO & HI-FLO+

MODEL DETAILS

TWO MODELS ARE AVAILABLE WITHIN THIS HIGH FLOW RANGE

Framevent HF Length - 415mm Equivalent area as per BS 13141-1:2019 - 4191m ² Box qty. - 50 Slot Size - 2 x (365 x 13mm) + (10mm land)
Framevent HF+ Length - 525mm Equivalent area as per BS 13141-1:2019 - 5205m ² Box qty. - 50 Slot Size - 2 x (230 x 13mm) + (10mm land)

Fitting Instructions:

- Route out the frame with the correct slot size & configuration for the model to be fitted
- Place unit centrally over the slots
- Fix unit in place by using screws provided
- Screw hole centres are 20mm in from each end (40mm off the overall length)

Performance:

- Independently tested to BS EN 13141- 1:2019
- Water tightness of 400pa
- Independently acoustically tested in accordance with BS EN 20140-10:2016, ISO 140-10-2010

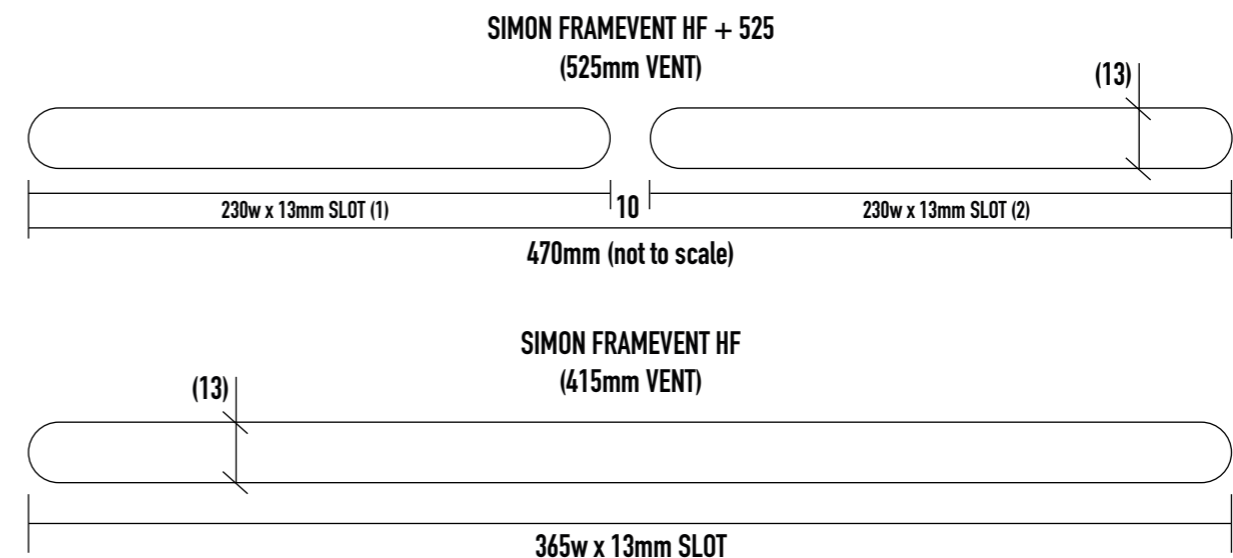

Maintenance:

- The Framevent can be cleaned using a damp cloth. The external hood should be brushed lightly to remove dust from the flyscreen area.

- Airflow rates quote are for when fitted in accordance with manufacturer's instructions.

We recommend silicone sealing vents for best results*
