Yale®

Is your cylinder lock
the weak point in your
home security?

Homes which don't have
basic security are
10 times more likely to be burgled

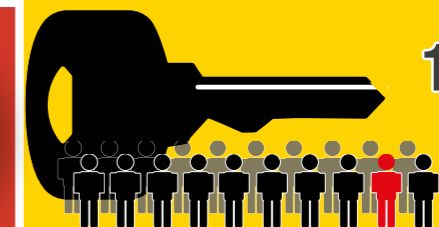

40%
of burglaries
in England and
Wales involve
the forcing of
a door

Cylinder attacks are on the increase

3.4 million
spare keys 'hidden'
around peoples homes

2 thirds
of homeowners
DON'T change
their locks when
they move

22%
of people trust their
neighbour with
a spare key

1 in 20 people
give out keys to
tradespeople

It takes **50 secs**
to **2 minutes** to break a
basic Euro Profile Cylinder lock
and gain entry to your home

CHANGING YOUR CYLINDER IS ONE
OF THE **QUICKEST** AND **EASIEST**
METHODS OF UPGRADING YOUR
HOME SECURITY IN MINUTES

Yale has a complete range of locks to meet your security needs. Check the cylinder range now at **www.yale.co.uk** or go to your local Yale stockist.

STANDARDS EXPLAINED

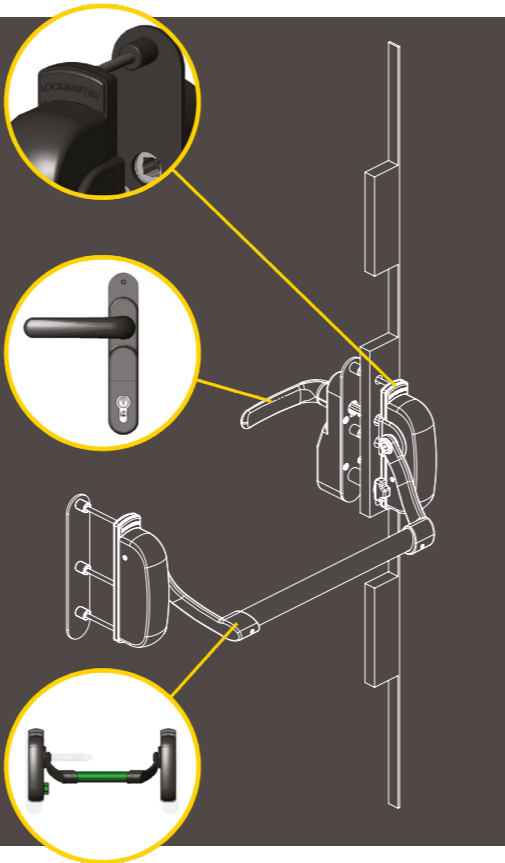

TS007 is a standard developed in response to concerns over cylinder attacks. The standard is characterised by a 3 star rating system, and can be achieved by combining a 1 star cylinder with a 2 star security door furniture or using a stand alone 3 star cylinder. The Platinum Series Euro Profile Cylinders are approved to TS007 3 stars and do not require any additional security furniture.

UK FASTENERS

Yale® Keyfree

SAY HELLO TO A NEW AGE IN DOOR SECURITY. SAY HELLO TO YALE KEYFREE.

Keyfree is the very latest in door security from Yale, and combines peace of mind with convenience by allowing you to access and protect your property without a key.

Whether you use the remote control like with your car, or enter your own personal code into the built-in keypad, Yale Keyfree couldn't be easier to use – and because it's brought to you by Yale, you know it's technology you can trust.

MULTIPLE KEYFREE OPTIONS

A small, remote control keyfob with a 10-metre range can be used to unlock your home – or enter your own personal code (4 to 12 digits) into the built-in keypad.

ROBUST AND RELIABLE

Keyfree requires no hard wiring, and has been rigorously tested under extreme weather conditions.

SECURITY MATTERS

Feeling safe at all times is a must for any homeowner. Keyfree has been designed and tested to meet Secured by Design – the UK police initiative for safer homes – and also features a built-in 80-decibel alarm to scare off anyone who tries to attack the lock!

DISCONTINUED WHILE STOCKS LAST

Alarmed Unit

Insurance approved and tested to Police Approved Standards.

Built-in alarm to prevent tampering.

Keyfree operation – never get locked out again.

Total freedom – no need to carry keys with you.

Self contained power – still operates during power cuts.

Mechanical key & bypass battery backup.

Secured by Design

Designed and built to Secured by Design Standards.
